

The Chiniak Advisory School Board (ASB) is looking for parents and/or community members to serve on the following committees. If you are interested in serving on one or more of these committees or have any questions, please email Chiniakasb@gmail.com.

Facilities Committee: Chair Victor Hilsinger

- To support the safety of students, administration, and personnel through property care, such as maintenance, clean-up for public events, and tsunami evacuation trail.
- Supply volunteers for educational events and holiday party decor for year-round inspiration.
- Help connect with school property contributors on necessary improvements, maintenance, and available volunteers with approval.

Fundraiser Committee: Chair Donna Andrews

- Support our educators with efforts to raise funds.
- Develop fundraising campaigns to generate corporate and individual contributions toward educational enrichment programs, which may include travel.
- Logistics planning for the participants during fundraising events and field trips (approved by school administration).

Library Committee: Chair Judy Aaron

- The library committee will help revitalize our library. We will replace non-fiction books that are 30 to 40 years old with newer, quality-used books generously donated by Bright Lights Book Projects. Our fiction collection will be thoroughly inspected for any damage, ensuring only quality titles remain available for our readers. Furthermore, we will scan every book in our library to maintain an accurate and up-to-date inventory. Join us in enhancing our library for everyone's benefit!
